

## Algebra Meals - 3 Meals, 2 Items (Simple Substitution, Simple Answer), to Answer

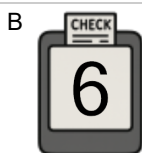

1  
1 + 3 =

What would the bottom meal cost?

4 =

1 =

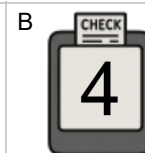

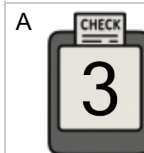

2  
3 =

What would the bottom meal cost?

1 + 1 =

1 =

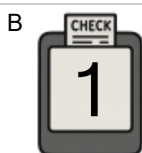

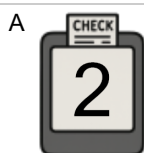

3  
8 =

What would the bottom meal cost?

2 + 2 =

1 =

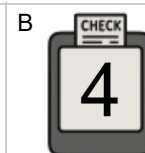

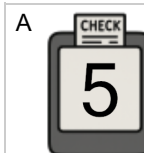

4  
2 + 4 =

What would the bottom meal cost?

5 =

1 =

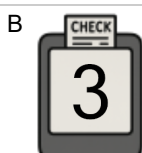

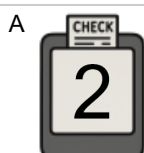

5  
3 + 3 =

What would the bottom meal cost?

7 =

1 =

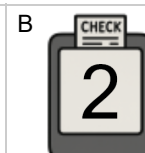

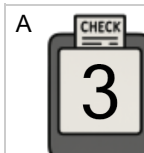

6  
6 =

What would the bottom meal cost?

1 + 1 =

1 =

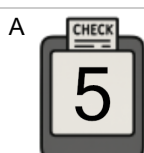

7  
2 =

What would the bottom meal cost?

1 + 2 =

1 =

8  
8 =

What would the bottom meal cost?

4 + 2 =

1 =
