

Measure Angle With Protractor - Under 180 Degrees (Floating)

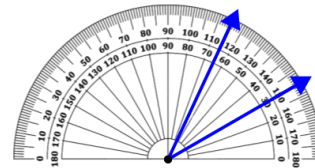

1 Measure the angle using the protractor

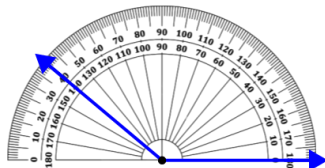

A	B	C	D	E	F
120°	205°	190°	245°	180°	140°

2 Measure the angle using the protractor

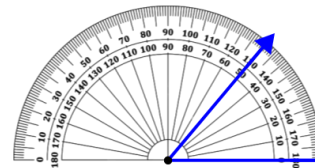

A	B	C	D	E	F
125°	35°	50°	130°	110°	75°

3 Measure the angle using the protractor

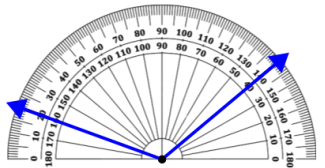

A	B	C	D	E	F
250°	225°	45°	195°	140°	15°

4 Measure the angle using the protractor

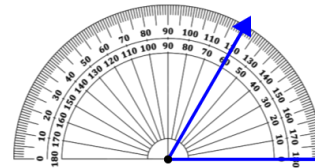

A	B	C	D	E	F
205°	25°	50°	140°	120°	20°

5 Measure the angle using the protractor

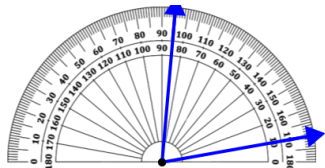

A	B	C	D	E	F
95°	215°	30°	225°	120°	255°

6 Measure the angle using the protractor

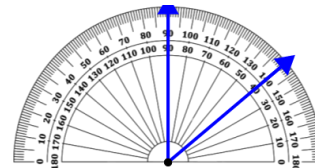

A	B	C	D	E	F
125°	115°	60°	135°	200°	190°

7 Measure the angle using the protractor

A	B	C	D	E	F
205°	35°	60°	75°	180°	145°

8 Measure the angle using the protractor

A	B	C	D	E	F
190°	50°	70°	110°	120°	125°
