Area of a Simple Shape Formula - Shape Name to Formula

1 How would you calculate this shape's area?

Triangle

A	B
$\text{side} \times \text{side}$	$\dfrac{\text{base} \times \text{height}}{2}$
C	
$\text{length} \times \text{width}$	
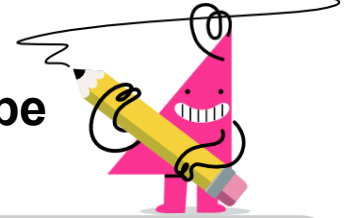

2 How would you calculate this shape's area?

Square

A	B
$\text{side} \times \text{side}$	$\dfrac{\text{base} \times \text{height}}{2}$

3 How would you calculate this shape's area?

Rectangle

A	B
$\text{length} \times \text{width}$	$\text{side} \times \text{side}$
C	
$\dfrac{\text{base} \times \text{height}}{2}$
