

## Cartesian Grid - Reflection of Point (Grid to Grid) across Axis

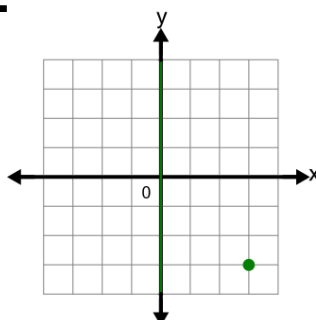

1

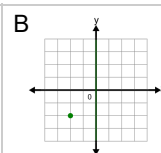

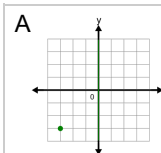

Reflect this point across the Y axis

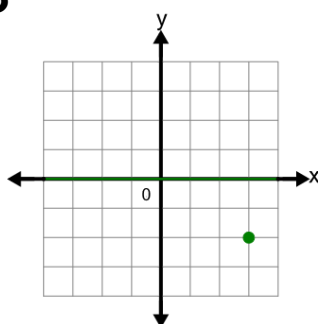

2

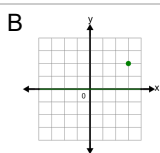

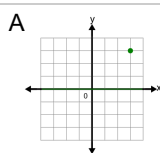

Reflect this point across the Y axis

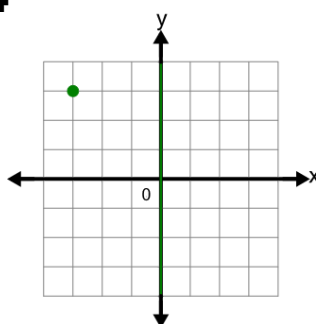

3

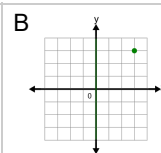

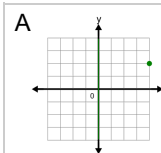

Reflect this point across the X axis

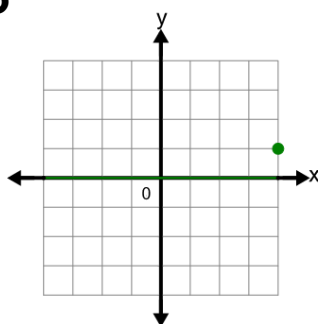

4

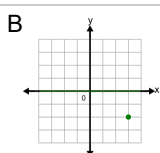

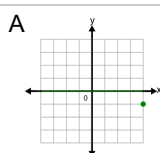

Reflect this point across the Y axis

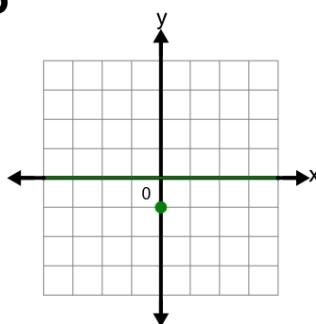

5

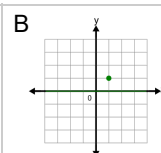

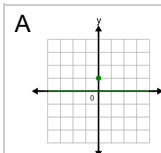

Reflect this point across the X axis

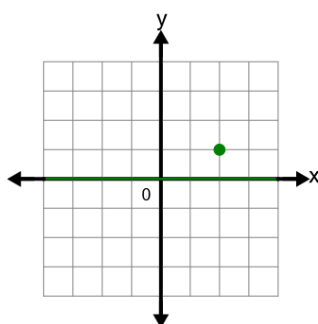

6

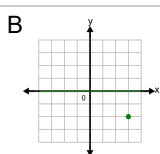

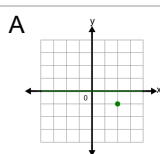

Reflect this point across the X axis

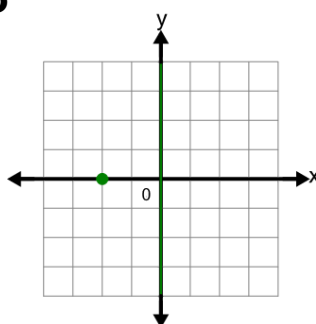

7

Reflect this point across the X axis

8

Reflect this point across the Y axis
