# Graphing - Scatter Plot (Linear) - Graph to Prediction From X True/False

**1**

If temperature is 36, would 130 be a reasonable value of sales?

| A	B
Yes	No

2

If exam length is 105, would 67 be a reasonable value of mark?

A	B
Yes	No

3

If exam length is 82.5, would 79 be a reasonable value of mark?

A	B
Yes	No

4
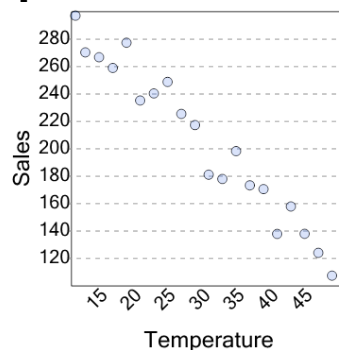

If temperature is 30, would 280 be a reasonable value of sales?

A	B
Yes	No

5
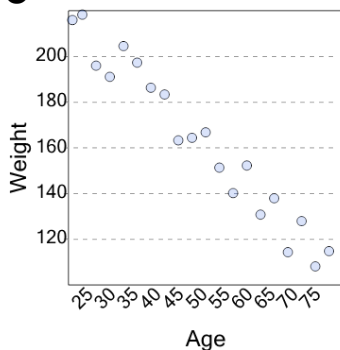

If age is 50, would 208 be a reasonable value of weight?

A	B
Yes	No

6
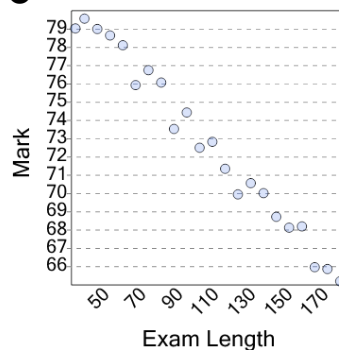

If exam length is 127.5, would 70 be a reasonable value of mark?

A	B
Yes	No

7
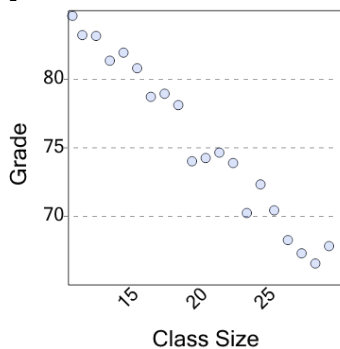

If class size is 23, would 82 be a reasonable value of grade?

A	B
Yes	No

8
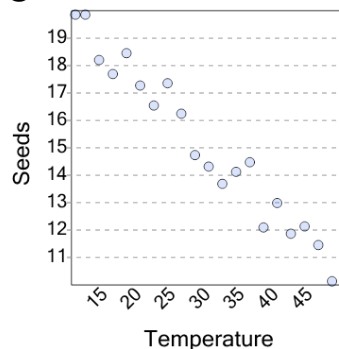

If temperature is 36, would 14 be a reasonable value of seeds?

A	B
Yes	No
