

Repeating Decimals Concept - Common Fraction to Decimal

1

$$\frac{1}{3}$$

Expand this common fraction into a repeating decimal

A	B
0.666	0.333

2

$$\frac{2}{3}$$

Expand this common fraction into a repeating decimal

A	B
0.666	0.1666

3

$$\frac{5}{6}$$

Expand this common fraction into a repeating decimal

A	B
0.8333	8.8333

4

$$\frac{2}{6}$$

Expand this common fraction into a repeating decimal

A	B
0.333	0.666

5

$$\frac{4}{6}$$

Expand this common fraction into a repeating decimal

A	B
0.666	6.666

6

$$\frac{1}{6}$$

Expand this common fraction into a repeating decimal

A	B
0.333	0.1666
