

Repeating Decimals Concept - Decimal to Common Fraction

1

What common fraction is equivalent to this decimal?

4.666

A $4\frac{4}{6}$

B $4\frac{5}{11}$

2

What common fraction is equivalent to this decimal?

9.222

A $9\frac{4}{9}$

B $9\frac{2}{9}$

3

What common fraction is equivalent to this decimal?

7.888

A $7\frac{1}{9}$

B $7\frac{8}{9}$

4

What common fraction is equivalent to this decimal?

8.333

A $8\frac{6}{9}$

B $8\frac{3}{9}$

5

What common fraction is equivalent to this decimal?

4.272727

A $4\frac{10}{11}$

B $4\frac{3}{11}$

6

What common fraction is equivalent to this decimal?

3.727272

A $3\frac{8}{11}$

B $3\frac{3}{9}$

7

What common fraction is equivalent to this decimal?

3.444

A $3\frac{7}{9}$

B $3\frac{4}{9}$

8

What common fraction is equivalent to this decimal?

5.363636

A $5\frac{4}{11}$

B $5\frac{6}{9}$
