

Factoring - Venn Diagrams - 2 Numbers - Populated Venn without Center to GCF

1 Complete the factor diagram and find the GCF of these numbers.

A	B	C
3	6	20
D	E	F
5	18	12

2 Complete the factor diagram and find the GCF of these numbers.

A	B	C
1	12	3
D	E	F
16	4	2

3 Complete the factor diagram and find the GCF of these numbers.

A	B	C
1	22	13
D	E	F
6	2	4

4 Complete the factor diagram and find the GCF of these numbers.

A	B	C
15	25	7
D	E	F
1	3	19

5 Complete the factor diagram and find the GCF of these numbers.

A	B	C
10	8	1
D	E	F
2	5	3

6 Complete the factor diagram and find the GCF of these numbers.

A	B	C
2	12	4
D	E	F
3	1	8

7 Complete the factor diagram and find the GCF of these numbers.

A	B	C
14	3	4
D	E	F
26	29	12

8 Complete the factor diagram and find the GCF of these numbers.

A	B	C
7	13	1
D	E	F
4	2	5
