mobius

Fractions - Equivalent, Find Numerator - 1 digit with Equation Graphic

1 Complete the equivalent fraction by finding the missing numerator

$$\overset{\overset{\text{x3}}{\frown}}{\underset{\underset{\text{x3}}{\smile}}{\frac{4}{6} = \frac{?}{18}}}$$

A	B	C
12	9	13

D	E	F
15	7	16

2 Complete the equivalent fraction by finding the missing numerator

$$\overset{\overset{\text{x3}}{\frown}}{\underset{\underset{\text{x3}}{\smile}}{\frac{3}{5} = \frac{?}{15}}}$$

A	B	C
8	6	13

D	E	F
5	10	9

3 Complete the equivalent fraction by finding the missing numerator

$$\overset{\overset{\text{x5}}{\frown}}{\underset{\underset{\text{x5}}{\smile}}{\frac{4}{6} = \frac{?}{30}}}$$

A	B	C
21	23	18

D	E	F
15	20	17

4 Complete the equivalent fraction by finding the missing numerator

$$\overset{\overset{\text{x2}}{\frown}}{\underset{\underset{\text{x2}}{\smile}}{\frac{2}{5} = \frac{?}{10}}}$$

A	B	C
8	3	5

D	E	F
2	4	0

5 Complete the equivalent fraction by finding the missing numerator

$$\overset{\overset{\text{x5}}{\frown}}{\underset{\underset{\text{x5}}{\smile}}{\frac{4}{5} = \frac{?}{25}}}$$

A	B	C
19	24	15

D	E	F
22	20	21

6 Complete the equivalent fraction by finding the missing numerator

$$\overset{\overset{\text{x5}}{\frown}}{\underset{\underset{\text{x5}}{\smile}}{\frac{2}{6} = \frac{?}{30}}}$$

A	B	C
6	5	7

D	E	F
13	10	11

7 Complete the equivalent fraction by finding the missing numerator

$$\overset{\overset{\text{x2}}{\frown}}{\underset{\underset{\text{x2}}{\smile}}{\frac{2}{6} = \frac{?}{12}}}$$

A	B	C
6	7	5

D	E	F
2	1	4

8 Complete the equivalent fraction by finding the missing numerator

$$\overset{\overset{\text{x5}}{\frown}}{\underset{\underset{\text{x5}}{\smile}}{\frac{2}{4} = \frac{?}{20}}}$$

A	B	C
14	7	12

D	E	F
9	10	6
