mobius

Interest (Simple) - Base Formula to Variable Formula

1

$$I = PRT$$

Given the simple interest formula, how would you solve for Rate?

$$R = ?$$

A $$R = \frac{T}{IP}$$ B $$R = \frac{I}{PT}$$

2

$$I = PRT$$

Given the simple interest formula, how would you solve for Principle?

$$P = ?$$

A $$P = \frac{I}{RT}$$ B $$P = \frac{R}{IT}$$

3

$$I = PRT$$

Given the simple interest formula, how would you solve for Time?

$$T = ?$$

A $$T = \frac{I}{PR}$$ B $$T = \frac{P}{IR}$$
