

Line Segment (Graph) - Find Perpendicular Bisector (True/False)

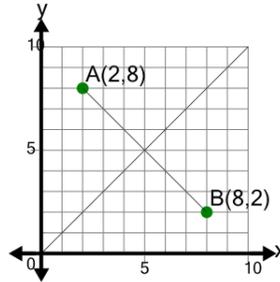

1

Is the equation for the perpendicular bisector of segment AB equal to:
 $y = -1/3 x + 9$

A	B
Yes	No

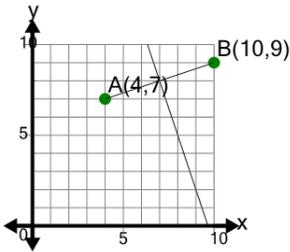

2

Is the equation for the perpendicular bisector of segment AB equal to:
 $y = 1 x + -0$

A	B
Yes	No

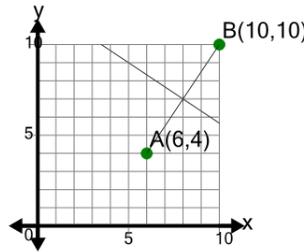

3

Is the equation for the perpendicular bisector of segment AB equal to:
 $y = -3 x + 29$

A	B
Yes	No

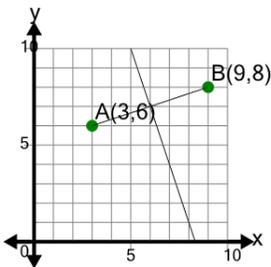

4

Is the equation for the perpendicular bisector of segment AB equal to:
 $y = -5/4 x + 17$

A	B
Yes	No

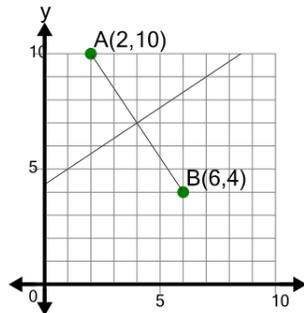

5

Is the equation for the perpendicular bisector of segment AB equal to:
 $y = -1/3 x + 9$

A	B
Yes	No

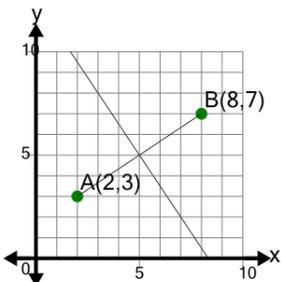

6

Is the equation for the perpendicular bisector of segment AB equal to:
 $y = 2/3 x + 13/3$

A	B
Yes	No

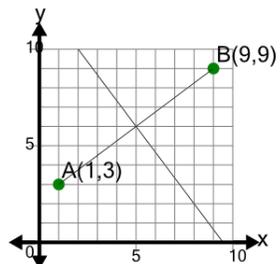

7

Is the equation for the perpendicular bisector of segment AB equal to:
 $y = -2/3 x + 25/3$

A	B
Yes	No

8

Is the equation for the perpendicular bisector of segment AB equal to:
 $y = -3/4 x + 39/4$

A	B
Yes	No
