

Multiplication Area Model - Twenties to Total from Sum

1 Use the area model to find the product of 27 and 9

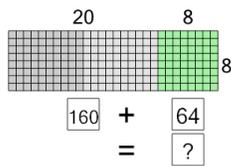

A	B	C	D	E	F
243	241	247	239	245	238

2 Use the area model to find the product of 26 and 6

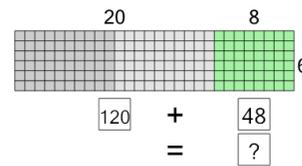

A	B	C	D	E	F
159	151	154	160	156	158

3 Use the area model to find the product of 28 and 8

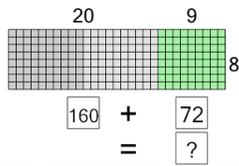

A	B	C	D
222	227	226	224

4 Use the area model to find the product of 28 and 6

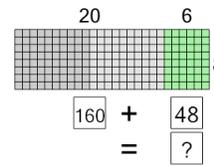

A	B	C	D	E	F
168	172	166	165	170	164

5 Use the area model to find the product of 29 and 8

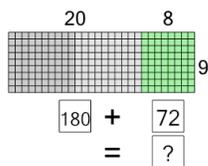

A	B	C	D	E	F
229	234	232	228	227	230

6 Use the area model to find the product of 26 and 8

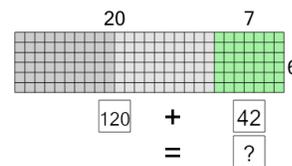

A	B	C	D	E	F
212	203	211	210	208	206

7 Use the area model to find the product of 28 and 9

A	B	C	D	E	F
256	254	252	248	249	250

8 Use the area model to find the product of 27 and 6

A	B	C	D	E
165	158	162	166	164
