

## Multiplication Area Model - Twenties to Total

**1** Use the area model to find the product of 29 and 7

A	B	C	D	E	F
207	200	203	198	205	201

**2** Use the area model to find the product of 27 and 9

A	B	C	D	E	F
239	245	247	240	243	241

**3** Use the area model to find the product of 29 and 9

A	B	C	D	E	F
264	265	263	259	257	261

**4** Use the area model to find the product of 29 and 8

A	B	C	D	E	F
229	227	230	232	235	234

**5** Use the area model to find the product of 28 and 6

A	B	C	D	E
166	170	172	168	171

**6** Use the area model to find the product of 29 and 6

A	B	C	D	E	F
172	174	171	170	169	177

**7** Use the area model to find the product of 26 and 6

A	B	C	D	E	F
152	158	153	156	154	151

**8** Use the area model to find the product of 28 and 8

A	B	C	D	E
224	227	220	222	228
