

Number Types (Real) - Number to Diagram Section - Whole, Natural, Integer, Rational, Irrational Numbers

1

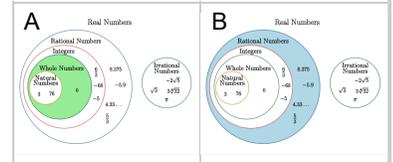

$$\frac{\sqrt{97}}{7}$$

Select the narrowest grouping that matches this number type

$$-8.\overline{10}$$

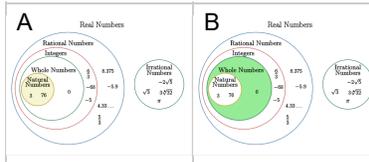

Select the narrowest grouping that matches this number type

3

$$\frac{0}{10}$$

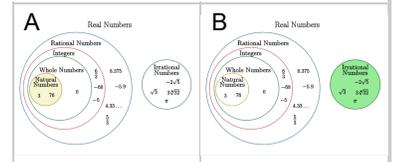

Select the narrowest grouping that matches this number type

4

$$\sqrt{\frac{45}{5}}$$

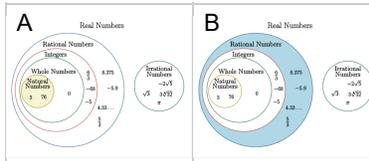

Select the narrowest grouping that matches this number type

5

$$-1.\overline{4}$$

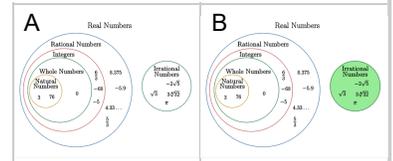

Select the narrowest grouping that matches this number type

6

$$\frac{\sqrt{13}}{2}$$

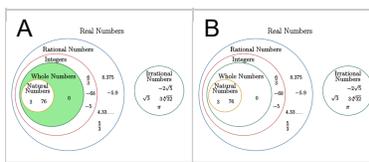

Select the narrowest grouping that matches this number type

7

$$\frac{0}{3}$$

Select the narrowest grouping that matches this number type

8

$$\frac{0}{8}$$

Select the narrowest grouping that matches this number type
