

## Order of Operations - Ordering From Words - Basic Operations

<b>1</b>	Which operation should you do first in a math equation?	Multiply or Divide
A	Left-To-Right	B Multiply
C	Divide	

<b>2</b>	Which operation should you do first in a math equation?	Subtract or Multiply
A	Left-To-Right	
B	Subtract	
C	Multiply	

<b>3</b>	Which operation should you do first in a math equation?	Subtract or Add
A	Add	B Subtract
C	Left-To-Right	

<b>4</b>	Which operation should you do first in a math equation?	Add or Subtract
A	Left-To-Right	B Subtract
C	Add	

<b>5</b>	Which operation should you do first in a math equation?	Divide or Subtract
A	Left-To-Right	B Divide
C	Subtract	

<b>6</b>	Which operation should you do first in a math equation?	Multiply or Subtract
A	Left-To-Right	
B	Multiply	
C	Subtract	

<b>7</b>	Which operation should you do first in a math equation?	Divide or Multiply
A	Multiply	B Divide
C	Left-To-Right	

<b>8</b>	Which operation should you do first in a math equation?	Subtract or Divide
A	Divide	B Left-To-Right
C	Subtract
