

Patterning - Concept Intro - Rule to Type

1	What type of pattern does this describe?	Find that 8, 2 repeats and repeat those numbers	2	What type of pattern does this describe?	Start at 21 and subtract 5 for each term
A	Fibonacci	B	A	Decreasing (Arithmetic)	B
3	What type of pattern does this describe?	Find that 4, 6 repeats and repeat those numbers	4	What type of pattern does this describe?	Find that 5, 6 repeats and repeat those numbers
A	Geometric	B	A	Fibonacci	B
5	What type of pattern does this describe?	Find that 9, 3 repeats and repeat those numbers	6	What type of pattern does this describe?	Find that 3, 6 repeats and repeat those numbers
A	Quadratic	B	A	Repeating	B
7	What type of pattern does this describe?	Start at 3 and add 2 for each term	8	What type of pattern does this describe?	Start at 1 and add 3 for each term
A	Geometric	B	A	Fibonacci	B
