# mobius

Perimeter of a Simple Shape Formula - Formula to Shape

1 What shape's perimeter would this formula calculate?
$$\text{side A} + \text{side B} + \text{side C}$$

A	B	C

2 What shape's perimeter would this formula calculate?

$$4 \times \text{side}$$

A	B

3 What shape's perimeter would this formula calculate?

$$2 \times (\text{length} + \text{width})$$

A	B	C
