

Quadratic Discriminants - Has Real Roots to Graph

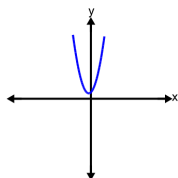

**1**

Which graph shows this a quadratic function that has real roots?

A

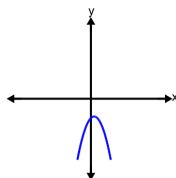

B

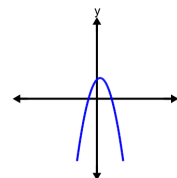

**2**

Which graph shows this a quadratic function that has real roots?

A

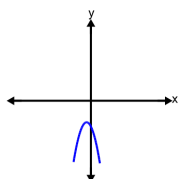

B

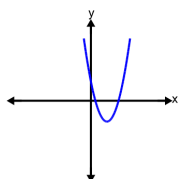

**3**

Which graph shows this a quadratic function that has real roots?

A

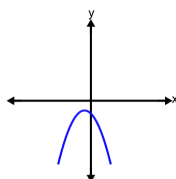

B

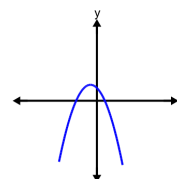

**4**

Which graph shows this a quadratic function that does NOT have real roots?

A

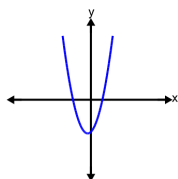

B

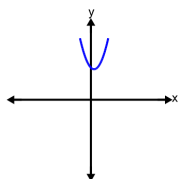

**5**

Which graph shows this a quadratic function that has real roots?

A

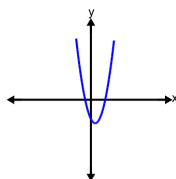

B

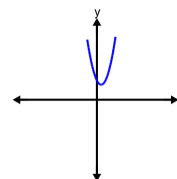

**6**

Which graph shows this a quadratic function that has real roots?

A

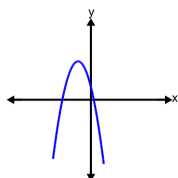

B

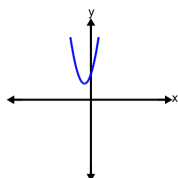

**7**

Which graph shows this a quadratic function that has real roots?

A

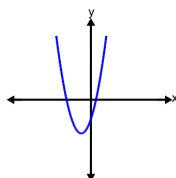

B

**8**

Which graph shows this a quadratic function that has real roots?

A

B
