

Probability - Dice (4), Not All Same, To Fraction

1 What is the chance of rolling a mixed set (not all the same number) on these dice?

A	B	C
136	215	213
181	216	126
D	E	F
193	69	107
258	433	352

2 What is the chance of rolling a mixed set (not all the same number) on these dice?

A	B	C
154	278	366
149	76	94
D	E	F
302	70	215
382	252	216

3 What is the chance of rolling a mixed set (not all the same number) on these dice?

A	B	C
57	215	358
248	216	210
D	E	F
32	155	282
205	106	45

4 What is the chance of rolling a mixed set (not all the same number) on these dice?

A	B	C
328	22	42
288	288	338
D	E	F
5	123	215
87	179	216

5 What is the chance of rolling a mixed set (not all the same number) on these dice?

A	B	C
287	393	209
418	320	71
D	E	F
215	248	215
216	246	295

6 What is the chance of rolling a mixed set (not all the same number) on these dice?

A	B	C
326	173	362
272	430	166
D	E	F
215	188	311
216	163	155

7 What is the chance of rolling a mixed set (not all the same number) on these dice?

A	B	C
215	92	190
216	241	121
D	E	F
224	115	87
52	167	277

8 What is the chance of rolling a mixed set (not all the same number) on these dice?

A	B	C
83	167	294
12	262	231
D	E	F
41	37	215
397	321	216
