

Nets of 3D Shapes - Shape Name to Net Description (Words)

1	The net for this 3D shape would have what parts? Cube	A	4 squares	2	The net for this 3D shape would have what parts? Triangular Prism				
		B	6 squares			A	2 triangles 3 rectangles	B	3 triangles 2 rectangles
		C	1 square 4 triangles			C	1 hexagon 6 triangles		
3	The net for this 3D shape would have what parts? Tetrahedron	A	3 triangles	4	The net for this 3D shape would have what parts? Cone	A	1 circle 1 partial circle		
		B	2 circles 1 rectangle			B	2 circles 1 partial circle		
		C	4 triangles			C	1 hexagon 6 triangles		
5		The net for this 3D shape would have what parts? Rectangular Prism		6		The net for this 3D shape would have what parts? Pentagonal Prism			
A	4 triangles	B	1 square 4 triangles	A	1 pentagons 5 rectangles	B	4 triangles		
C	6 rectangles			C	2 pentagons 5 rectangles				
7	The net for this 3D shape would have what parts? Rectangular Pyramid	A	1 square 4 triangles	8	The net for this 3D shape would have what parts? Cylinder	A	4 triangles		
		B	1 circle 1 partial circle			B	2 triangles 3 rectangles		
		C	4 triangles			C	2 circles 1 rectangle
