Slope - Find Equivalent - Slope Y **Intercept Form to Graph**

What graphed line shows this line equation?

 $y=-3x+3_{\scriptscriptstyle{oxed{A}}}$

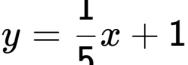

2

What graphed line shows this line equation?

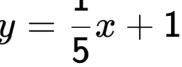

$$y = -5x + 5$$

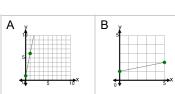

3

What graphed line shows this line equation?

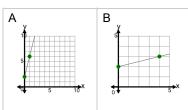

4

What graphed line shows this line equation?

$$y = 4x + 2$$

5

 $\frac{1}{4}x+2$

What graphed line shows this line equation?

$$y = \frac{1}{4}x + 2$$

6

 $=-\frac{1}{4}x+2.25$

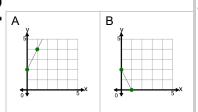

What graphed line shows this

line equation?

7

What graphed line shows this line equation?

$$y=2x+2$$

8

y = 3x + 1
