Name

Slope - Find Parallel - Fraction Slope to Graph

1

$m = 3$

What line has a slope that is PARALLEL to this slope?

A 
B 
2

$m = -\frac{1}{5}$

What line has a slope that is PARALLEL to this slope?

A 
B 
3

$m = 1$

What line has a slope that is PARALLEL to this slope?

A 
B 
4

$m = 5$

What line has a slope that is PARALLEL to this slope?

A 
B 
5

$m = \frac{1}{2}$

What line has a slope that is PARALLEL to this slope?

A 
B 
6

$m = \frac{1}{3}$

What line has a slope that is PARALLEL to this slope?

A 
B 
7

$m = -1$

What line has a slope that is PARALLEL to this slope?

A 
B 
8

$m = -2$

What line has a slope that is PARALLEL to this slope?

A B
