# Slope - Vertical and Horizontal - Function to Graph
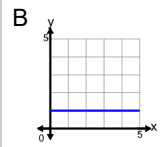

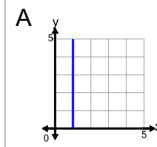

1

$$x = 4$$

What graphed line shows this line equation?

A   B

2

$$x = 1$$

What graphed line shows this line equation?
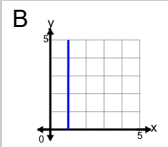

A   B

3

$$x = 3$$

What graphed line shows this line equation?

A   B

4

$$y = 1$$

What graphed line shows this line equation?

A   B

5

$$y = 3$$

What graphed line shows this line equation?

A   B

6

$$y = 2$$

What graphed line shows this line equation?

A   B

7

$$x = 2$$

What graphed line shows this line equation?

A   B
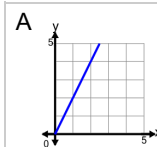

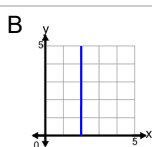

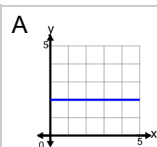

8

$$y = 4$$

What graphed line shows this line equation?

A   B
