

Slope - Vertical and Horizontal - Graph to Function

**1**

What line equation would create the line on this graph?

- | | |
|----------------|----------------|
| A $y = 3$ | B $y = 0$ |
| C $y = \infty$ | D $x = \infty$ |
| E $x = 3$ | |

2

What line equation would create the line on this graph?

- | | |
|----------------|----------------|
| A $x = 0$ | B $y = 4$ |
| C $y = \infty$ | D $x = \infty$ |
| E $x = 4$ | |

3

What line equation would create the line on this graph?

- | | |
|----------------|----------------|
| A $x = 2$ | B $y = \infty$ |
| C $x = \infty$ | D $y = 2$ |
| E $x = 0$ | |

4

What line equation would create the line on this graph?

- | | |
|----------------|----------------|
| A $y = 0$ | B $y = 1$ |
| C $x = 1$ | D $y = \infty$ |
| E $x = \infty$ | |

5

What line equation would create the line on this graph?

- | | |
|----------------|----------------|
| A $x = 1$ | B $x = 0$ |
| C $x = \infty$ | D $y = \infty$ |
| E $y = 1$ | |

6

What line equation would create the line on this graph?

- | | |
|-----------|----------------|
| A $x = 3$ | B $y = \infty$ |
| C $y = 3$ | D $x = \infty$ |
| E $y = 0$ | |

7

What line equation would create the line on this graph?

- | | |
|----------------|----------------|
| A $y = 1$ | B $x = 0$ |
| C $x = 1$ | D $x = \infty$ |
| E $y = \infty$ | |

8

What line equation would create the line on this graph?

- | | |
|----------------|----------------|
| A $x = 4$ | B $y = 4$ |
| C $x = 0$ | D $x = \infty$ |
| E $y = \infty$ | |
