Statistics - Mean/Median/Mode/Range - Approach to Name

1

Put the numbers in order and choose the middle one

Find the measurement that this approach would calculate

A		B	
Mode		Range	
C		D	
Median		Mean	

2

Count how many of each number there are and choose the one that is most common

Find the measurement that this approach would calculate

A		B	
Mode		Median	
C		D	
Range		Mean	

3

Add up all the numbers and divide by how many numbers there are

Find the measurement that this approach would calculate

A		B	
Mode		Median	
C		D	
Range		Mean	

4

Subtract the smallest number from the biggest number

Find the measurement that this approach would calculate

A		B	
Mean		Mode	
C		D	
Median		Range
