

Statistics - Standard Deviation - Mean and Standard Deviation to Bell Curve

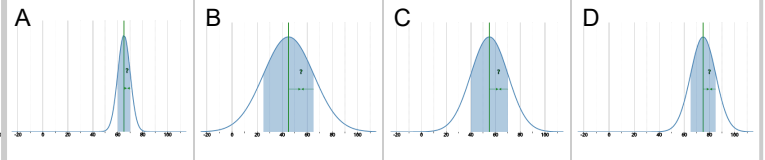

¹ mean = 40, standard deviation = 10

Which bell curve matches these values?

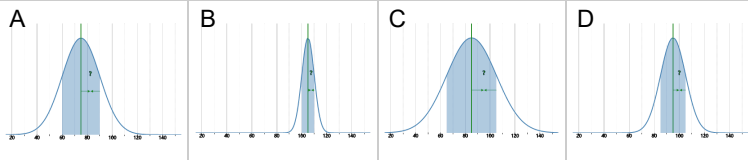

² mean = 55, standard deviation = 15

Which bell curve matches these values?

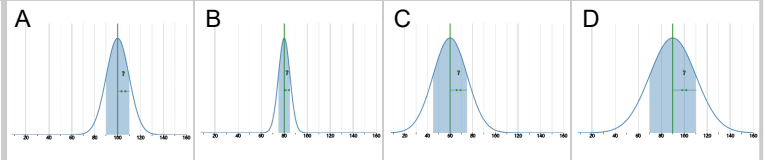

³ mean = 85, standard deviation = 20

Which bell curve matches these values?

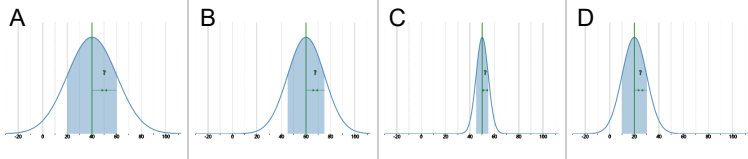

⁴ mean = 80, standard deviation = 5

Which bell curve matches these values?

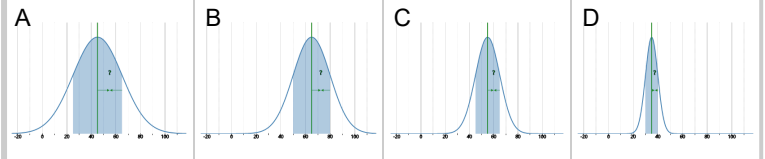

⁵ mean = 40, standard deviation = 20

Which bell curve matches these values?

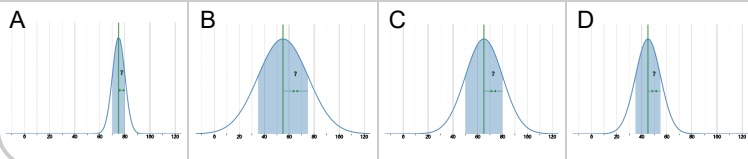

⁶ mean = 45, standard deviation = 20

Which bell curve matches these values?

⁷ mean = 55, standard deviation = 20

Which bell curve matches these values?

⁸ mean = 55, standard deviation = 10

Which bell curve matches these values?
