

## Sums - Series of Integers 1 to N - Addition to Sum

**1**

What would the sum be for this set of integers?

$1 + 2 + \dots + 19 + 20$

A	210	B	190
C	209	D	231

**2**

What would the sum be for this set of integers?

$1 + 2 + \dots + 24 + 25$

A	300	B	324
C	325	D	351

**3**

What would the sum be for this set of integers?

$1 + 2 + \dots + 16 + 17$

A	153	B	136
C	152	D	171

**4**

What would the sum be for this set of integers?

$1 + 2 + \dots + 20 + 21$

A	230	B	253
C	210	D	231

**5**

What would the sum be for this set of integers?

$1 + 2 + \dots + 23 + 24$

A	276	B	300
C	299	D	325

**6**

What would the sum be for this set of integers?

$1 + 2 + \dots + 10 + 11$

A	65	B	78
C	55	D	66

**7**

What would the sum be for this set of integers?

$1 + 2 + \dots + 22 + 23$

A	300	B	276
C	275	D	253

**8**

What would the sum be for this set of integers?

$1 + 2 + \dots + 11 + 12$

A	77	B	78
C	91	D	66
