

Sums - Series of Integers M to N - Addition to Sum

1

What would the sum be for this set of integers?

$2 + 3 + \dots + 7 + 8$

| | | | |
|---|----|---|----|
| A | 36 | B | 44 |
| C | 27 | D | 35 |
| E | 33 | | |

2

What would the sum be for this set of integers?

$4 + 5 + \dots + 11 + 12$

| | | | |
|---|----|---|----|
| A | 85 | B | 68 |
| C | 60 | D | 75 |
| E | 72 | | |

3

What would the sum be for this set of integers?

$1 + 2 + \dots + 9 + 10$

| | | | |
|---|----|---|----|
| A | 45 | B | 54 |
| C | 55 | D | 66 |
| | | | |

4

What would the sum be for this set of integers?

$7 + 8 + \dots + 14 + 15$

| | | | |
|---|-----|---|-----|
| A | 84 | B | 99 |
| C | 92 | D | 105 |
| E | 115 | | |

5

What would the sum be for this set of integers?

$9 + 10 + \dots + 13 + 14$

| | | | |
|---|----|---|----|
| A | 60 | B | 84 |
| C | 77 | D | 55 |
| E | 69 | | |

6

What would the sum be for this set of integers?

$6 + 7 + \dots + 11 + 12$

| | | | |
|---|----|---|----|
| A | 76 | B | 57 |
| C | 63 | D | 68 |
| E | 51 | | |

7

What would the sum be for this set of integers?

$7 + 8 + \dots + 11 + 12$

| | | | |
|---|----|---|----|
| A | 57 | B | 50 |
| C | 45 | D | 70 |
| E | 63 | | |

8

What would the sum be for this set of integers?

$7 + 8 + \dots + 12 + 13$

| | | | |
|---|----|---|----|
| A | 57 | B | 76 |
| C | 70 | D | 63 |
| E | 84 | | |
